Dry Powder ABC

ABC Chemical Powder mobile fire extinguishers with capacities of 25, 50 and 100kg. They contain a support with wheels for easy transport of the fire extinguishers, they also include a manometer for measuring internal pressure.

Bottled in AP04 laminated steel alloy with lead-free and TGIC-free polyester paint, making them resistant to ultraviolet radiation.

All fire extinguishers are fitted with a black flexible rubber hose with an outer jacket and a diffuser tube.

Ideal for use on large industrial or commercial surfaces. With great extinction capacity.
