6 L

Water and Foam (ABF)

ABF Portable Water and Foam Fire Extinguishers, ideal for extinguishing type F fires (fats and oils).

The fire extinguisher consists of an AP04 laminated steel alloy bottle, with polyester paint without lead or TGIC, resistant to ultraviolet radiation. Anti-corrosive interior coating.

The fire extinguishers are equipped with an internal pressure gauge, a high-projection atomizing diffuser, flexible fiber reinforced PVC hose and a high-resistance plastic base.

technical features

Model	PI-6HS
Fire Classes	ABF
Efficiency	34A - 233B - 75F
Load	6L
Total Weight	9,3kg
Dimensions	Ø150x528mm
Test Pressure	23 bar
Temperature Range	+5°C/+60°C
Reference	801041
Certificate	According to EN 3-7:2004/A1:2008 e EN 3-10:2010 - Portable fire extinguisher certificates

Company registered
in ANEPC nº 712/12
