Water + Fluoride Free Additive

AFFF Portable Water Fire Extinguishers with Fluoride-Free Additive, ideal for extinguishing type F fires (grease and oils).

The fire extinguisher consists of an AP04 seamless steel alloy bottle, with electrostatic painting, making them resistant to ultraviolet radiation. Anti-corrosion interior coating.

The fire extinguishers are fitted with an internal pressure gauge, a high-projection atomizing diffuser, flexible fiber reinforced PVC hose and a reinforced plastic base and triangular wall bracket.
